The Schroer Group Is a 2021 NorthCoast 99 Award Winner

North Canton, Ohio, Sept. 1, 2021 – The Schroer Group is proud to be recognized by ERC as one of 99 great Northeast Ohio workplaces for top talent. This is the 18th time that our organization has received the prestigious NorthCoast 99 Award.

NorthCoast 99 is an annual recognition program and event in its 23rd year that honors 99 great Northeast Ohio workplaces for top talent.

“More than a business award or event, NorthCoast 99 is a yearlong research project that ERC established to help make our region a long-term destination of choice for companies and high-performing individuals. The data from this program helps employers stay current on organizational practices and understand what top performers want and need so they can be responsive,” said Samantha Marx, Member Service Director at ERC, who oversees the program.

NorthCoast 99 winners participated in a rigorous application process that asked for detailed information on how their organization addresses top-performer attraction, development, and retention in the following areas: organizational strategy, policies, and benefits; talent attraction, acquisition, and onboarding; employee well-being; employee engagement and talent development; total rewards; and diversity, equity, and inclusion.

“From the frontline care providers to our foodservice experts and beyond, we are extremely proud of the individuals who are part of The Schroer Group family of companies. Their dedication to providing high quality service with compassion is brilliantly represented by this prestigious honor,” says Celeste M. Jones, Vice President, Chief Human Resources Officer.

“Talent wins in today’s labor market. The NorthCoast 99 winners know this so they continue to build progressive and innovative HR practices and benefits to attract and retain the best and brightest. We’re thrilled to recognize the 2021 winning organizations and look forward to sharing their success stories,” said Kelly Keefe, President of ERC.
