

# Why Choose

## Skilled Nursing & Rehabilitation

We know making decisions about extended care can get overwhelming. How do you choose what's right for your family? Altercare offers a safe, secure and enriching setting for loved ones to live and receive a full range of medical services.

### Safe Compassionate Care

- ✓ **ENHANCED MEASURES:** Routine health screenings, enhanced infection control protocols and above average cleaning regimens are top priorities.
- ✓ **PERSONAL PROTECTIVE EQUIPMENT (PPE):** Our team evaluates PPE inventory daily to ensure appropriate supply is available and CDC COVID-19 best practices are established.
- ✓ **VACCINE AVAILABILITY:** Altercare has partnered with Absolute Pharmacy or other for the CDC's Pharmacy Partnership for Long Term Care Program. We are committed to offering and administering the COVID-19 vaccine to our patients, residents and employees who have not previously received the vaccine.
- ✓ **ENVIRONMENTAL ADVANCEMENTS:** A Needlepoint Bipolar Ionization (NPBI) air purification system has been installed at Altercare. This addition provides residents and staff with safer, cleaner air by reducing the airborne transmission of illnesses such as COVID-19, flu and other viruses.
- ✓ **TESTING:** Employees and residents/patients are tested routinely for COVID-19, in accordance with CDC and CMS requirements.
- ✓ **COVID-19 TASK FORCE:** We have launched appropriate interventions, supported by regular physician led planning sessions, to ensure our residents are cared for in a safe and healthy environment.

### Care You Can Trust

- Skilled Nursing Care
- Short-Term Rehabilitation
- Outpatient Rehabilitation
- Long-Term Care
- Respite Care
- Hospice & Palliative Care
- Memory Care
